

Here are some ideas for your wander:

- Can you fill the plastic bag with leaves?
- How many leaves can you find?
- How many different colours are there?

Leaves are amazing with the different shapes and colours, the way they feel and even how they smell.

What do you think the
leaf smells like?

Which is your favourite
shape leaf?

When you have filled your bag you can make an owl.

Inside this pack you will find:

- two stick on eyes,
- a beak
- two wings to stick on

Maybe you could find some other things to make your owl?

Owl's are often thought of as clever birds. The bible tells us we can make good choices and decisions, being wise, by following and trusting God.
