What things  
can you see  
busy at  
work?

Can you hurry?  
Can you see  
any other  
things in a  
hurry?

What shiny  
things can  
you see  
around  
you?

Are there any things  
you are afraid of?

As the shepherds sat, like any other night an angel appeared - I wonder what the sheep thought?

They were told where to find Jesus and then all of heaven burst out like they couldn't wait any longer, singing their happiness. They went and found Jesus and then the very next thing they did was go and tell everyone else about Him. Advent is the time of waiting but also the thrill of finding!

I wonder what Mary & Joseph thought when the shepherds arrived?

Have you ever heard God or angels singing?

I wonder what all those angels sounded like?

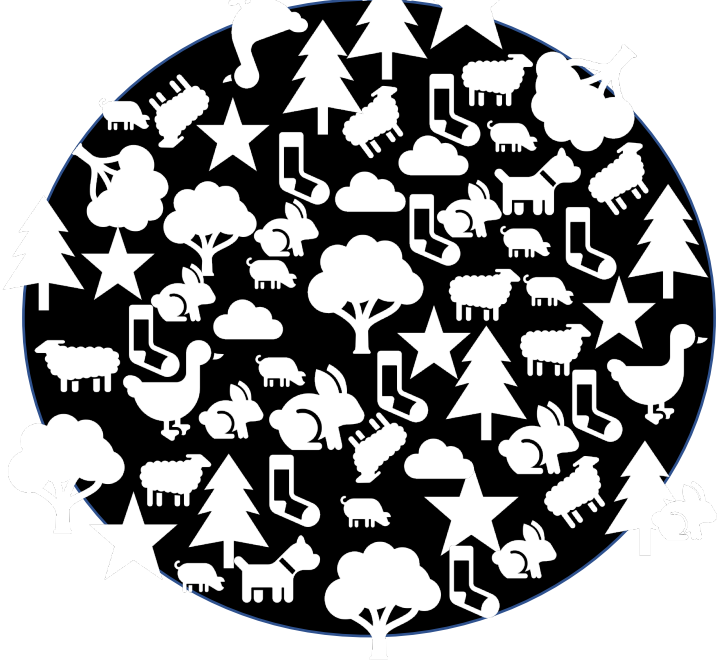

I wonder what the shepherds were thinking as they hurried to Bethlehem?

You can read this part of the story in  
Luke 2:8-20

If you sit outside in the evening or night-time what can you hear? Are there any noises that are different to the daytime?

Perhaps you could paint some rocks with sheep or faces and hide them around the house, garden or area. How many can be found?

Can you be a sheep dog and guide someone with their eyes closed around a room or around some obstacles?

Could you make a card to share some happy news or thoughts with someone?
