what do you feel? what do you hear?

Can you see anything

Create a Royal Portrait

Collect some leaves, twigs, , wind dropped blossom or flowers to make a protrait of the King.

You could make a crowd of well-wishers by each making a picture of yourself

Go for a wander and collect grass, twigs, wind fallen items and weave them together into a wild crown.

You could cut a band of cardboard and glue items onto it instead.

Make a Wild Crown

Take a shoebox or other box or even recycle a plastic bottle. Add to it natural items in layers and shapes that will allow a kingdom of bugs to find a place of welcome.

pine cones

seedling planters

tree bark

twig bundles

Make a Bug Palace

Make Some Bunting

Recycle some old material and cut it into triangles or flag shapes. Find some fresh leaves and flowers and put them between to pieces of material and hammer with a stone or mallet (take care)
